Attachments: Responses to FDEP questions asked Oct 22.docx

Attached is a document that includes only the FDEP's proposed language revisions and EPA's responses, and no longer includes language only intended for an EPA audience.

Subject: response for FDEP re: third party language suggestions

Tom – Attached is the revised response to FDEP regarding third party language suggestions, for elevation to the RA.

- We have the green light from OGC to transmit (see Simma's message below).
- OW staff have indicated that this looks good. We do not have word from OW at the AA level.
- I called Matt (Hicks), who indicated that he is good with this language, as well.

- FDEP is awaiting this response before proceeding with rulemaking.
- FDEP indicated to Matt yesterday that they would now prefer this response in writing, rather than verbally.

I deleted the lengthy chain of emails preceding Simma's message below, but as you explained earlier:

Attached is a document drafted by the EPA Assumption Team that includes: (1) FDEP's questions (highlighted in blue text); (2) proposed EPA responses (highlighted in yellow text); and (3) other information to provide background/context for FDEP's questions and/or the proposed responses.

Looks good to me! David confirmed green light. Thanks. Should we call Matt to confirm?
